THE TIMES OF INDIA

Aadhaar cards issued in haste to meet targets?

TNN May 1, 2012,

HYDERABAD: Did Aadhaar enrollment centre staff carry out registrations in haste to achieve 100% target in the city? Preliminary investigation by probe agencies seems to suggest so.

Probing into the 30,000 Aadhaar card enrollments done in a span of just six months by Mohammed Ali, a data entry supervisor of Infrastructure Leasing and Financial Services (IL&FS) Limited from the Old City, the Charminar police found that names of citizens were not in full.

Police have randomly selected 60 addressees from the 870 enrollments done in Biometric Exception category by the data supervisor and visited all the locations.

"All the addresses were vague and none of the applicants stayed at the given residential address," a Charminar police officer said.

Police also discovered that full names were not registered in majority of cases.

"Most of the names are like Ali, Subhan, Rasheed, Raju and there were no surnames or middle names," a civil supplies department source said. After looking at these

details, the probe agencies now suspect that just to achieve the target by March 2012, the operators might have done the fake registrations.

To support the argument, an investigating official pointed out the issue of thousands of Aadhaar cards being returned to the government as addressees were staying at the mentioned address.

"We are yet to ascertain how many cards registered using Mohammed Ali's login have been dispatched. There is a possibility of some getting into wrong hands, but the rate of rapid registration also indicates pressure to achieve enrollment target," a source said.

So far, 5.35 crore Aadhaar card enrollments, including 47 lakh in the capital, have been done in the state during the first phase. The Aadhaar card phase II was supposed to be launched in April, but the process has not yet started.

Police are yet to get details of people who have done the fake registrations using Mohammed Ali's login details and they are in contact with IL&FS senior staff and UIDAI to get the information.

Readers' opinions (2)

Liaqath Khar (Golconda Hyd)

Aadhar Cards made on producing ration cards and the data given in the ration card is same as of Aadhar Cards. General Public is suffering to tally their names with Educational Certificates, passports, ration cards, Aadhar cards bank passbooks. Most cases are of differing names in all most all certificates issued. There is no basic record to follow it in all relevant testimonials of a family for the cause of doing corrections accordingly.

Subhash (Hyderabad)

01 May, 2012 10:37 AM

Aadhar Cards are for us and helps a lot. Every developed country has a UNIQUI ID. We ALL should cooperate maximum to let Govt. of this job. In a country like India it is a HERCULIAN task. We should nt just blam for mistakes, but work hard with government and give contribution. One educated man (even a College student) under NREGA scheme may be employed for every colony to check and report corrections. Youngsters need to be earning and also participate in Development, seems not many of us are interested.. WHY? We wait for BIG scam to raise voice??

INTRODUCTION

I, the Chairman of the Standing Committee on Finance, having been authorized by the Committee, present this Forty-Second Report on "The National Identification Authority of India Bill, 2010".

2. The National Identification Authority of India Bill, 2010 introduced in Rajya Sabha on 3 December, 2010 was referred to the Committee on 10 December, 2010 for examination and report thereon, by the Speaker, Lok Sabha under Rule 331E of the Rules of Procedure and Conduct of Business in Lok Sabha.
3. The Committee obtained background note, detailed note and written information on various provisions contained in the aforesaid Bill from the Ministry of Planning.
4. Written suggestions / views / memoranda on the provisions of the Bill were received from various institutions / experts / individuals.

5. The Committee took briefing / oral evidence of the representatives of the Ministry of Planning and the Unique Identification Authority of India (UIDAI) at their sitting held on 11 February, 2011.
6. At the sitting held on 29 June, 2011, the Committee heard the views of the representatives of (i) the National Human Rights Commission (NHRC), and (ii) the Indian Banks Association (IBA), and Dr. Reetika Khera, Visitor, Delhi School of Economics, New Delhi. The Committee also heard the views of the representatives of the Confederation of Indian Industry (CII), and experts namely, Dr. Usha Ramanathan, Independent Law Researcher, New Delhi, Dr. R. Ramakumar, Associate Professor, the Tata Institute of Social Sciences, Mumbai and Shri Gopal Krishna, Member, Citizen Forum for Liberties, New Delhi at the sitting held on 29 July, 2011.

7. The Committee, at their sitting held on 8 December, 2011 considered and adopted this Report.
8. The Committee wish to express their thanks to the officials of the Ministry of Planning and the Unique Identification Authority of India (UIDAI) for furnishing the requisite material and information which were desired in connection with the examination of the Bill. The Committee would also thank all the institutions and experts for their valuable suggestions on the Bill.
9. For facility of reference, the observations/ recommendations of the Committee have been printed in thick type in the body of the Report.

New Delhi:

YASHWANT SINHA,
Chairman,
Standing Committee on
Finance

number holders. Even, according to the latest media reports, controversies between the Ministry of Home Affairs and the UIDAI over issues such as the manner and processes followed by the UIDAI, duplication of efforts between NPR and aadhaar, and security of data still remain unresolved.

13. In view of the afore-mentioned concerns and apprehensions about the UID scheme, particularly considering the contradictions and ambiguities within the Government on its implementation as well as implications, the Committee categorically convey their unacceptability of the National Identification Authority of India Bill, 2010 in its present form. The data already collected by the UIDAI may be transferred to the National Population Register (NPR), if the Government so chooses. The Committee would, thus, urge the Government to reconsider and review the UID scheme as also the proposals contained in the Bill in all its ramifications and bring forth a fresh legislation before Parliament.

UNIQUE IDENTIFICATION AUTHORITY OF INDIA
And
GOVERNMENT OF NCT, DELHI

MEMORANDUM
OF
UNDERSTANDING

ANNEXURE-P/12
171

MEMORANDUM OF UNDERSTANDING
BE1WEEN THE UNIQUE IDENTIFICATION
AUTHORITY OF India
AND
THE GOVERNMENT OF NCT OF DELHI FOR THE
IMPLEMENTATION OF THE UID PROJECT.

This Memorandum of Understanding (MOU) has been executed on the 28th June, 2010 between the Unique Identification Authority of India, (hereinafter referred to as "UIDAI") and the Government of NCT of Delhi (hereinafter referred to as "The Govt. of NCT of Delhi").

PREAMBLE

Whereas, Government of India has set up UIDAI with the mandate to issue Unique Identification Numbers (UID) to all residents of India (UID Project).

Whereas, the Govt. of NCT of Delhi would like to enhance efficiency in delivery of governmental benefits and services through accurate identification of beneficiaries and to have uniform standards and processes for verification and identification of beneficiaries;

Whereas, in order to implement the UID Project in NCT of Delhi, the Govt. of NCT of Delhi is entering into this MoU with the UIDAI;

Whereas, the Govt. of NCT of Delhi has set up State UID Implementation Committee vide order No.21(6)/2009/Co-ord/Plg/949-70 dated 23rd June, 2010 to oversee the implementation of the UID Project in the NCT of Delhi. The said Committee consists of Chief Secretary as Chairman, Divisional Commissioner as Member Secretary, Principal Secretary, Finance, Chief Electoral Officer, Commissioner Transport, Secretary Social Welfare, Commissioner, Food. & Civil Supplies, Secretary Information & Technology, Secretary, Labour, All Deputy Commissioners, Representative of Commissioner Census GOI, Representative of UIDAI, Director Planning and MD, Mission Convergence as members;

Whereas, this MoU shall come into effect from 28th June, 2010.

DEFINITIONS

Unless the context requires otherwise,

Registrars are departments or agencies of the Govt. of NCT of Delhi, which in normal course of implementation of some of their programs or activities interact with the residents, and are authorized by the Govt. of NCT of Delhi to enroll residents into the UID system, Examples of such Registrars are Rural Development Department (for NREGS) or Civil Supplies and Consumer Affairs Department (for TPDS).

Enrolling Agencies are entities hired by the Govt. of NCT of Delhi or Registrars to perform enrolment functions on behalf of the Registrar(s).

UID Project and the Scope of the MoU

1. The UIDAI has the mandate from the Government of India to issue Unique Identification numbers (UID) to residents of India based on demographic and biometric data of the individual. UIDAI will partner with governments and other agencies leveraging their

existing infrastructure in order to implement the UID Project. These agencies will be called the Registrars of UIDAI.

2. UIDAI will set standards and processes for enrolment to be uniformly followed by all Registrars and Enrolling Agencies. The UIDAI will issue UIDs after checking that the resident applying for UID does not already have a record and UID in the UID database. In addition, the UIDAI will provide online, real-time authentication service.
3. The UID Project will be implemented in a phased manner. The UIDAI will be conducting proof of concept studies and pilots to test the working of the technology and process of enrolment and would require the co-operation of the Govt. of NCT of Delhi and Registrars in this regard.
4. This MoU between the UIDAI and the Govt. of NCT of Delhi sets out below, the general and broad-based intention of both the parties for

collaboration and as an umbrella understanding for facilitation of subsequent agreements and documents relevant for the implementation of the UID Project in the of NCT of Delhi.

5. The UIDAI shall prescribe standards, procedures and processes, Which will be adhered to by the Registrars identified/appointed by the Govt. of NCT of Delhi.
6. In the interest of clarity and to reduce ambiguity, the UIDAI shall execute additional agreements and documents to capture details about implementation of UID Project with Registrars identified / appointed by the Govt. of NCT of Delhi.
7. UIDAI shall:
 - a. Develop and prescribe standards for recording data fields, data verification and biometric fields.
 - b. Prescribe a process for enrolment of residents; this will include among other

things the process for collection of biometric data.

- c. Prescribe the standards and criteria to be fulfilled by an agency or department to be appointed as Registrar,
 - g. Provide logistic and liaison support to the staff and representatives of the UIDAI when they visit the Registrar and Enrolling Agencies implementing the UID Project.
 - h. Work with the UIDAI to resolve difficulties faced on the ground in the implementation of the UID Project.
 - i. Follow the processes set out by the UIDAI for resolution of difficulties and conflicts regarding matter concerning the UID Project.
9. The following is an indicative list of the obligations of the Registrars. Notwithstanding anything contained in this clause, this list can

be expanded or elaborated as required to ensure integrity and uniformity of enrolment into the UID database. In order to implement the UID Project, the Registrars shall:

- a. Either do the enrolment directly or through Enrolment Agencies who shall be identified and appointed by the Registrars (UIDAI may recommend certain criteria to be fulfilled to be an Enrolling Agency). The Enrolment Agencies will be working on behalf of the Registrars and will be accountable to the Registrars. Therefore, they should follow all the standards, protocols, processes laid down by the UIDAI to implement the UID project. Registrars must ensure compliance by the Enrolling Agencies of the standards, protocols, processes laid down by the UIDAI on a continuous basis.
- b. Follow the standards for data fields, data verification and biometric fields prescribed by the UIDAI.

- c. Follow the processes prescribed by the UIDAI for enrolment of residents. This will include among other things the process for collection of biometric data.
- d. Use the software developed by the UIDAI for the enrolment of people into the UID System.
- e. Use only those devices and IT systems whose specifications have been approved by the UIDAI.
- f. Follow the protocols prescribed by the UIDAI for record keeping and maintenance.
- g. Follow the processes and systems prescribed by the UIDAI for transmission of data collected for de-duplication.
- h. Follow the confidentiality, privacy and security protocols prescribed by the UIDAI.

- I. The Registrars can collect any data in addition to what is prescribed by the UIDAI for the purpose of rendering any service based on UID number.
- j. Have the option to charge a fee for the UID service but the fees charged from residents cannot be higher than the maximum amount prescribed by the UIDAI in this regard.
- k. Follow protocols prescribed by the UIDAI for spreading and communicating the message, content and intent of the UID Project. Since the IJID logo and brand name are properties of the UIDAI, the UIDAI will prescribe the manner and limits of the use of UIDAI logo, brand name, brand design and other communication and awareness materials.

- I. Follow protocols, processes and standards prescribed by the UIDAI for implementation of the UID Project.
- m. Allow the UIDAI to conduct periodic audit of the enrolment process and to visit and inspect the offices and records of the Registrar and Enrolment Agencies and any other place the UIDAI or its empowered agency may deem necessary for their purpose.
- n. Submit periodic reports of enrolments to the UIDAI in the form and manner prescribed by the UIDAI.
- o. Provide logistic and liaison support to the staff and agents of the UIDAI when they visit the Registrar and Enrolling Agencies implementing the UID Project in NCT of Delhi.

- p. Provide information related to the UID Project to the UIDAI from time to time, as requested by the UIDAI.
- q. Work with the UIDAI to resolve difficulties faced on the ground in the implementation of the UID Project.
- r. Follow the process set out by the UIDAI for resolution of difficulties and conflict regarding matters concerning the UID Project.
- s. Take any other measure for fulfilling the obligations effectively.

Miscellaneous

10. In situations where the processes and standards for enrolment set by the UIDAI are not followed or are violated (willfully or otherwise) by the Registrar and or an Enrolling Agency, the UIDAI shall make reasonable attempts to discuss and attempt to resolve difficulties with the Govt. of NCT of Delhi. Pursuant to which if the

000000

185

recommendations of the UIDAI are not implemented and the matter settled to the satisfaction of both the parties, the UIDAI shall have the option to de-register the concerned Registrar and/or demand replacement of the concerned Enrolment Agency as the case may be.

11. Any provision of this MoU may be amended or waived if, and only if, such amendment or waiver is evidenced by a written instrument signed by duly authorized representatives of the Parties, or in the case of a waiver, by the party against whom the waiver is to be effective.

IN WITNESS WHEREOF, the undersigned have executed this MoU, in duplicate, as of the date set forth above.

On behalf of UIDAI

ANNEXURE -P/15

ANNEXURE-B

DATA SHARING POLICY

UIDAI embarked on a multi-Registrar model for enrolling the residents with the intent to have the reach and ability to enrol the residents at a reasonable pace.

Registrars are entities who, in the normal course of their activities, deal with residents in the delivery of benefits and services to them. The Registrars carried out enrolments under the aadhaar project through Enrolment Agencies appointed by them. These Registrars already have data bases and collect data from their customers/beneficiaries for discharging the responsibilities cast up on them under various policies, statutes or rules. The Registrars partnered with the UIDAI to avail the opportunity of cleansing their data bases through fresh enrolments of residents in accordance with the UIDAI processes.

In some States where the non-State Registrars were active, State Registrars are facing problems in leveraging aadhaar for delivery of benefits (which is

301

the basic intent of aadhaar project) since data of residents of the State enrolled by the non-State Registrars was not available to the State Registrars. Many State Registrars have had reservations about the involvement of Non State Registrars in the enrolment exercise in absence of any clarity as to how they would be able to access the data of residents enrolled by Non State Registrars. The Enrolment Refresh Committee had also mentioned about the need of sharing of data with such Registrars.

In such a scenario, a policy on data sharing policy assumes an important dimension; wherein on one side, there are concerns regarding privacy, data protection, data security, etc, and on the other hand, there is demand from various State Registrars for the data to enable them leverage the UID for improving the services.

With the above in consideration, it has been decided that UIDAI would share the Resident data, subject to the following conditions:

1. UIDAI would share the data only in such cases where the resident has given the consent for sharing data.
2. The data will be UID generated processed data.
3. The data will be shared on receipt of a formal request from the State concerned. The request will explicitly include the purpose for which the data is required and specific data requirements.
4. States may request data pertaining to their own state only. The data shared will be based on state specified in the resident address.
5. The selective data in specific format, as defined by UIDAI, will be shared as per the validity of the request in a secured manner using appropriate offline and/or online mechanisms.
6. The data would be shared with State Registrars only for the purpose of improvement of delivery of welfare and public services, it also being the intent behind the aadhaar project and the

purpose for which the consent has been given by the resident at the time of enrolment.

7. Demographic data may be shared with Financial Institutions (Banks, etc) for opening of Bank accounts and/or linking the accounts with aadhaar, as consented by the resident at the time of enrolment or subsequently.
8. Data may also be shared as warranted under any Act/ Statute/ Regulation of Govt. of India and/or any Cabinet Decision in this regard.
9. State Registrars may use the shared data with their various departments for the purpose of improving delivery of their welfare and public services but the Nodal Department shall be responsible for ensuring Security compliance.
10. The Registrar packet will not be generated, if Registrar does not ask for it.
11. UIDAI may also consider enabling electronic KYC mechanism where an authorized entity can send

a request to UIDAI to share demographic data and photo for a specific resident, in the long run. This mechanism will require the said entity to send resident data sharing consent along with resident authentication factor (biometric/OTP). UIDAI will share data after successful resident authentication. UIDAI will define set of authorized entities who will be allowed to avail this service, at the appropriate time.

12. Updates should be allowed to flow to agencies with whom UIDAI shared the data initially as per resident consent from time to time.
13. The necessary framework and institutional safeguards as per the IT Act 2000 and all guidelines/rules/enactments of the Government of India for ensuring the data safety and security at all times would be put in place by concerned Registrar before sharing of any data. Registrar will sign a "Data protection and Understanding of holding sensitive data" agreement with UIDAI. Among other things, the Agreement will include

25

various required compliances for the following security guidelines and any other security guidelines as the UIDAI may deem fit:-

- a. Strategic control of the data shall always remain with the Registrar who shall be responsible for the overall security and proper use of the data at all times.
- b. Data shall be stored and transmitted in encrypted form.
- c. Biometric data shall not be decrypted except for the time when it is being used. Under no circumstances, the biometric data of a resident shall be sent as part of any response to any verification request.
- d. Registrar shall have a physically secure location to store /house the shared data, with strict security protocols and protection from unauthorised access. The facility should have appropriate access control and audit trails.

- e. Physical, Network and Application level security for the software that uses this data shall be ensured.
- f. State Registrar shall remove the biometric data if "resident" moves out of the state and informs the state.
- g. The data should not be retained beyond the duration necessary to serve the purpose for which it was meant to be used.
- h. Failure to comply with any of above obligation shall be deemed a serious breach by the Registrar concerned with whom data was shared by UIDAI and the said Registrar shall destroy the shared data within the time specified by UIDAI, without prejudice to any damages, which UIDAI may seek.

307

IN THE SUPREME COURT OF INDIA
CIVIL ORIGINAL JURISDICTION
I.A. NO. QF 2013
IN
CIVIL WRIT PETITION NO. _____ OF 2013

IN THE MATTER OF:

S.G. Vombatkere & Anr. ...Petitioners

Versus

Union of India & Ors. ...Respondents

AN APPLICATION FOR INTERIM RELIEFS

TO

THE HON'BLE THE CHIEF JUSTICE OF INDIA
AND HIS COMPANION JUSTICES OF THE
HON'BLE THE SUPREME COURT OF INDIA

THE HUMBLE PETITION OF THE
PETITIONERS ABOVE NAMED

MOST RESPECTFULLY SHEWETH:

1. The Petitioners have this day filed the accompanying Petition under Article 32 of the Constitution of India in public interest raising various issues, including among others, protection of fundamental rights under Article 14 and 21 of the Constitution of India. In order to avoid repetition, the Petitioners crave leave to refer to and rely upon contents of accompanying Petition as if set out in extenso therein.
2. The core challenge in the accompanying petition is the violation of basic human rights as a result of the Unique Identification Project ("UID Project") introduced by the Respondents and which violations will escalate in the future unless checked by this Hon'ble Court.

3. The Respondents are implementing a scheme to provide an identification number to residents in India, without regard to whether or not such individuals are Indian citizens. Individuals are being required by the Respondents to part with private biometric information without informing the individual about the consequences of parting with the biometric information, and without the informed consent of the individual.
4. It appears that the Respondents are working in coordination with schools to enroll children as well as other persons connected with the schools. It is respectfully submitted that in addition to the points made above, this action is patently illegal inasmuch as children in schools do not have a legal capacity to consent and these children are being yoked to the Aadhaar apparatus for all time. It is respectfully submitted that no children ought to be compulsorily enrolled.
5. The biometric information being collected comprises: (i) a facial photograph of the individual; (ii) all ten finger prints; and (iii) a scan of both the iris. The State seeks to create a vast databank containing personal information that can be exploited by the State or private entities against the interest of the citizen/residents and without the knowledge of the citizen/residents. It is plainly ultra vires inasmuch as it is being undertaken:
 - a. Without any legislative sanction to conduct the exercise;

- b. Without any amendment to existing laws relating to citizenship;
- c. Without any amendment to the Constitution of India relating to citizenship;
- d. Without any statutory guidance or limitation on who can collect the biometric information or how it is to be collected;
- e. Without any statutory provision regarding how the biometric information is to be stored and secured throughout the chain beginning with collection of information until the stage of storage;
- f. Without any statutory limitation on when the information can be used or by whom it can be used.

The collection of personal biometric information directly impacts the autonomy of an individual and his person. Any exercise on a national scale to secure every individual's biometrics without any legislative safeguards on use, storage, etc. amounts to a direct and nationwide assault on individual freedom.

6. The project is aimed at persuading public sector as well as private sector service providers to require residents to produce a UID number as a pre-requisite for granting services. It is being represented that unless a person has a UID number, it will become extremely inconvenient for him to access essential services. Illustrative of the coercion employed by different organs of the State are the following notifications/circulars/decisions taken by

authorities that now insist upon the AADHAAR number or refuse services:

- a) The Government of NCT of Delhi, Revenue Department has issued an order on 20-12-2012 making AADHAAR number compulsory for registration of marriages as well as for registration of documents in the Sub Registrar Offices.
- b) Similarly, the State of Jharkhand has also made AADHAAR number compulsory for registration of marriages as well as for registration of documents in the Sub Registrar Offices.
- c) The State of Karnataka has made AADHAAR number mandatory for availing benefits under government schemes such as social security pensions, LPG connection, ration card etc.
- d) The Union Ministry of Petroleum has made AADHAAR number mandatory for 'Direct Benefit Transfer' scheme for LPG customers.
- e) In the State of Maharashtra, AADHAAR number has been made mandatory for teaching and non-teaching employees in government aided schools for drawing salary.
- f) The State of Kerala has made AADHAAR number mandatory for admission of students in schools and colleges.

- g) The State of Himachal Pradesh has made AADHAAR number mandatory for admission of students in schools and colleges.
 - h) The State of Madhya Pradesh has made AADHAAR number mandatory for pension and provident fund.
 - i) The University Grant Commission has made AADHAAR number mandatory for students applying for scholarship or fellowship. AADHAAR number has been made mandatory by Employees' Provident Fund Organisation.
7. The Petitioners submit that with each passing day, the Respondents are making AADHAAR card mandatory for all basic rights and services such as education, salary, LPG subsidy, ration card, registration of documents etc. This coercion to enroll for the AADHAAR scheme and collection of sensitive personal data of residents without any safeguard poses a dangerous threat to all residents of the country which may cause irreparable harm to the residents. It is submitted that this Hon'ble Court ought to protect the fundamental rights of its citizens/residents. The Petitioners respectfully submit that a strong prima facie case has been made out in the application and accompanying petition for violation of fundamental rights of residents. In such circumstances, the balance of convenience would lie in grant of interim order in terms of prayers made herein.
8. This application is made bona fide and in the interests of justice.

PRAYER

In the foregoing circumstances, it is most respectfully prayed that this Hon'ble Court may be pleased to:

- (a) pass an order restraining the Respondents, their officers and agents by an order of injunction of this Hon'ble Court from carrying on any further enrolment for AADHAAR;
- (b) pass an order restraining the Respondents, their officers and agents by an order of injunction of this Hon'ble Court from carrying on enrolment for AADHAAR of children who are below the age of 18 either through schools /colleges or in any other manner whatsoever.;
- (c) pass an order directing that there will be no withholding of any service only on the basis of non furnishing of AADHAAR.
- (d) pass an order directing the respondents to conduct a suitable nationwide public campaign through the electronic and other media, explaining to persons that information obtained under the UID project is not statutorily protected but is in private hand;
- (e) pass an order directing the Respondents to grant an option to individuals from opting out of AADHAAR;
- (f) pass an ex-parte ad interim order in terms of prayers (a) to (e) herein above and confirm the same after Notice of Motion; and

- (g) pass such other and/or further order(s)/ direction (s) as this Hon'ble Court may deem fit and proper in the facts and circumstances of the present case.

AND FOR THIS ACT OF KINDNESS, THE PETITIONERS SHALL, AS
IN DUTY BOUND, EVER PRAY.

**IN THE SUPREME COURT OF INDIA
CIVIL ORIGINAL JURISDICTION
I.A. NO. OF 2013
IN
CIVIL WRIT PETITION NO. OF 2013**

IN THE MATTER OF:

Mr. S.G. Vombatkere & Anr.

...Petitioners

Versus

Union of India & Ors.

...Respondents

AFFIDAVIT

I, Bezwada Wilson, S/o Late Shri Yacob, aged about 47 years, R/o 36/13 Ground Floor, East Patel Nagar, New Delhi, do hereby solemnly affirm and state as follows:-

1. I am the Petitioner No.2 herein, I am fully conversant with the facts and circumstances of the present case and am as such competent to swear the present affidavit on behalf of the Petitioners.
2. I have read and understood the contents of the accompanying Application for interim reliefs and say that the facts set out therein are true to my knowledge, as well as derived from the records maintained by me and the submissions made therein are on legal advice received from my Advocates and believed to be true and correct.

DEPONENT

VERIFICATION:

Verified at New Delhi on this 17th day of August, 2013, that the contents of paragraphs 1 to 2 of my above affidavit are true and correct that no part of it is false and nothing material has been concealed there from.

DEPONENT

3. That this Hon'ble Court has been pleased to entertain the above mentioned writ petition and in its interim order dated 23.09.2013 was pleased to direct that .

"In the meanwhile, no person should suffer for not getting the Aadhaar card in spite of the fact that some authority had issued a circular making it mandatory and when any person applies to get the Aadhaar Card voluntarily, it may be checked whether that person is entitled for it under the law and it should not be given to any illegal immigrant."

- 4 That the above said interim order passed by this Hon'ble Court, with great respect, has very serious implications in the implementation of a number of social welfare and other schemes, and has created doubts in the minds of several million residents of India who are beneficiaries under various schemes being currently implemented by the Union Government and several state Governments as also those of Public Sector Undertaking using Aadhaar platform, regarding the validity and usefulness of those schemes

5. That the first part of the interim order is reproduced below :

".. No person should suffer for not getting the Aadhaar card in spite of the fact that some authority had issued a circular making it mandatory".

The deponent herein seeks to explain this aspect of the matter in greater detail in the following paragraphs

- 6 That it is humbly submitted that management of the fiscal deficit is a key component of the Public Finance policy of the Government of India. Open ended commitments on a host of uncapped subsidies are recognized to be

particularly problematic for fiscal credibility. The unequal distribution of subsidies amongst the poor and the rich also necessitate corrective policy measures to be put in place. Therefore, the roadmap of the Government for fiscal consolidation aims to contain and distribute subsidies through better targeting.

7. That in the last few years, public expenditure on welfare programmes targeting individual beneficiaries has increased dramatically in the country. In the Eleventh Plan Period, nearly Rs.7 lakh crore has been spent on the 15 major flagship programmes of the Government. During the financial year 2012-13 alone, the expenditure on LPG subsidy was over Rs.39,000 crore, on MGNREGS Rs.33,000 cr., on Fertilizer subsidies Rs.41,974 crore and Rs.85,000 cr. On food subsidy.
8. That however, despite various initiatives at improving the delivery mechanisms for grant of benefits and subsidies, the schemes suffer due to undetected fake and duplicate entities in the beneficiary lists, and for want of transparency on the end beneficiary. There are no fool-proof standard methods of authentication to ensure the benefits e.g. food rations, wages or subsidized LPG cylinder are actually availed by the intended beneficiaries as most of the last mile delivery systems are paper-based and can possible by manipulated. This has not only resulted in wastage of public money but also dissatisfactions when benefits doe not reach the intended beneficiaries" due to middlemen and rent seeking.
9. That it is humbly submitted that the use of Aadhaar in implementation of government schemes is designed to ensure that benefits and subsidies are directly given only to eligible beneficiaries using its unique de-duplication and authentication capabilities. This is expected to bring transparency to

grant of benefits to individual beneficiaries of Central Schemes, terminate pilferage and stop subsidy payments to those who don't require it. A gradual introduction of Aadhaar beginning with schemes where flow of funds is relatively simple like scholarships, benefits to women and children and labour in districts with high enrolment of Aadhaar is planned.

10. That Aadhaar will facilitate a switch from the grant of benefits based on paper records (whether in cash or to unverified bank accounts using manual procedures) to end-to-end electronic transfers directly to Aadhaar seeded bank accounts of beneficiaries. The new system is designed to ensure :-

- a) Accurate targeting
- b) De-duplication
- c) Reduction of fraud and corruption
- d) Process re-engineering of schemes for simpler flow of information and funds
- e) Greater accountability
- f) Elimination of wastes in subsidy transfer

11. That it is most humbly submitted that the use of Aadhaar is an important initiative of the Government to cut down leakages and improve targeting of beneficiaries. It is a trend setter in the use of modern technology to bring benefits to the poorest, especially the rural poor.

12. That Care is being taken by the Government to minimize inconvenience during the transition period and categorical instructions have been issued to ensure that there is no denial of service for want of Aadhaar or bank accounts.

A careful and staggered implementation of the programme undertaken using learning's of one stage to move to the next evidence under various schemes confirms the ability of Aadhaar to remove fake/ duplicate beneficiaries, authenticate beneficiaries, initiate process re-engineering and promote financial inclusion.

13 That it is, therefore, prayed that this Hon'ble Court may be pleased to modify its order dated 23.09.2013 and may be pleased to allow the deployment of Aadhaar as a unique identity verifier for grant of Government benefits consistent with the aim of the Government to reduce fiscal deficit through targeted grant of benefits.

Deponent

Verification

Verified at New Delhi on this 25th day of October, 2013 that the contents of the above counter affidavit are true and correct. Nothing material has been concealed therefrom.
